Population Change

- Greater than 50% gain
- 25% to 50% gain
- 5% to 25% gain
- 5% loss to 5% gain
- 5% to 25% loss
- 25% to 50% loss
- Greater than 50% loss

This map is based on the 2010 Census of Population, showing relative change from the 2000 Census. Cities and townships are the standard mapping units; “unorganized territories” are the mapping unit for the sparsely settled lands of northeast and north central Minnesota. Where annexations or other boundary changes were made during the decade, the 2000 data were adjusted to match 2010 boundaries.
